Vol. IX, No. 52 — Lafayette — Orinda, California — Friday, March 14, 1952 — Ten Cents

WHAT'S GOING ON? PERFECTLY ABSURDIA (in Suburbia III), that's what it is! These high-jinks were part of the spirited cavorting at the recent Talent Night at Orinda School, which marked the Orinda Mothers Club's start-in-earnest on the Absurdia in Suburbia III production, scheduled for presentation in early May. Pushing the lawn mower at Pat Schmitt's hula skirt is Harry Noller. Trying vainly to dissuade him are, left to right, Jean Ellermeyer, Shirley Haas and Jeanne Barkley.

Republicans Name Martinez Attorney On First Ballot

John F. Baldwin Jr. of Martinez was selected last night by the Contra Costa-Solano Republican committee as the G.O.P. candidate for Congress.

Selection came at 10:30 last night at the group's meeting at Acalanes High School.

With two people abstaining of the 112 present, the vote on the first ballot was: Baldwin, 78; Joe Creighton, 18; Bert Bales, 13; and Ferrell, 1. It was a secret, written ballot.

Intensive work by a 25-member screening committee reached its climax at Acalanes High School last night when the committee's "cream of the crop" of potential Republican candidates for Congress were scheduled to appear before a 170-member citizens' group.

Several lengthy sessions had been held by the screening committee since the first gathering of the Contra Costa-Solano citizens' group two weeks ago. Thirteen possible candidates had been investigated.

Early yesterday evening the field had reportedly been narrowed down to John F. Baldwin Jr. of Martinez, Berl Bales of Concord, Joseph Creighton of Orinda and Carl Ferrell of El Sobrante. The general meeting was to decide on which one to back unitedly.

BALDWIN, 36-year-old attorney who is law partner of A. F. Bray Jr., was born in Danville. His grandfather, R. O. Baldwin, settled in the San Ramon Valley in 1852. His father, John F. Baldwin Sr., still lives in Danville.

Baldwin Jr. graduated from Danville Grammar School and San Ramon Valley High School. In 1936 he received his bachelor's degree from the University of California, after majoring in accounting and finance.

He was in the publishing business for five years until World War II. He enlisted in the Army as a private in 1941, and after a five-year stint emerged in 1946 as a lieutenant-colonel. He was decorated by the Italian government for his work in connection with the evaluation of the lira.

AFTER GETTING out of the Army, Baldwin Jr. entered the University of California law school. During the entire three-year course he was president of his class. Since graduation from law school in 1949, he has been practicing law in Martinez, where he lives with his wife and young daughter.

He is attorney for the Contra Costa Housing Authority ,the Concord Hospital District and the Diablo Public Utility District. He is president of the East Contra Costa County U. C. Alumni, a director of the Martinez Kiwanis Club, and chairman of the Board of Trustees of the Danville Community Presbyterian Church.

Baldwin Jr. is also a member of the Contra Costa County Pomona Grange, the Walnut Growers Association, the Veterans of Foreign Wars, the Sierra Club and the State Bar Association. Also, he is on the executive committee of the County Bar Association and is chairman of the County Bar Association's speakers and public relations committee.

BALES, active in Concord community affairs, is past president of the Concord Chamber of Commerce.

CREIGHTON, son of missionary parents, was born in China in 1920. He attended school in China, and graduated from Oberlin College, Ohio, where he was a Phi Beta Kappa and a member of the debating team.

He is county chairman of the Young Republicans, a director of the Republican Assembly of Contra Costa County and has been program chairman of the Central Contra Costa Young Republicans.

Creighton has been living in Orinda since 1947. He is married and has three young sons.

Girl, Boy Scouts Do Yeoman Duty For 'Trees' Day

Orinda will be known for its trees a few years hence, and much of the credit will go to the Boy Scouts and Girl Scouts. These two organizations turned out en masse to take part in "More Trees for Orinda Day" last Sunday.

A hundred or so Monterey pines and other shade trees were planted on the Orinda Community Center property, and 350 at Camp Hampton in the most enthusiastic tree planting day the community has ever seen.

Over 100 scouts, their leaders and parents turned out at the Orinda Community Center for the young people's part of "More Trees for Orinda Day." Dr. Ralph Hall organized the scout groups and Bill Mott and Rudy Grah directed the planting activities for the day, which resulted in the planting of two groves of trees on the slope above the Community Church.

The north grove of over 50 trees, which will be known as the Girl Scout Grove, was planted by Girl Scouts and Brownies.

Cub Scouts of Pack 32 planted 40 or more trees in the south grove, to be known as Boy Scout Grove. Both groups were given important help by the Explorer Scouts in digging holes and showing the younger ones how to set the trees.

Cub Pack 52 planted 20 pyracanthat shrubs at the Glorietta School.

The planted areas will form an important part of the over-all landscape plan to the Community Center. They form "fingers" of planted trees which will provide screening for picnic areas and scouting activities at the center in the years to come.

The Explorer Scouts, under Dr. Hall's direction, did double duty during the day. They not only helped the Girl Scouts and Cub Scouts with their planting at the Community Center, but also, with Troops 200 and 207, planted 350 trees on the Camp Hampton scout area.

The younger generation did its part to make the first annual "More Trees for Orinda Day" a tree planting success .

Park Pool Mails Applications to South of Highway

A number of old members of Orinda Park Pool residing north of Tunnel Road did not renew their memberships by the deadline of February 29.

Therefore the Board of Directors of Orinda Park Pool has authorized mailing of applications for membership to residents of the Moraga-Orinda area who reside south of Tunnel Road, excluding Hidden Valley and Acalanes Rancho areas, who were members of Orinda Park, Inc., during the consecutive seasons of 1950 and 1951.

Membership applications for new members living in the Orinda area, north of Tunnel Road exclusive of Happy Valley and Charles Hill areas, will be given out at the Park Pool canteen on April 1 ,at 8 a.m.

The applications will be accepted in the order they are received until the membership is filled.

Those 1951 members residing north of the Tunnel Road, exclusive of Charles Hill and Happy Valley, who failed to meet the February 29 deadline will be able to apply again on April 1 with new applicants on a first come, first served basis.

DAILY SETTING-UP EXERCISES for John E. McKirahan of Lafayette, during these Greyhound bus strike days, consists of wiggling his right thumb effectively as he waits along Mt. Diablo Boulevard for a "lift" to his job in San Francisco. His prominent "S. F." placard is a big help. McKirahan has been given rides by other commuters. Commuters Gear For Drawn-Out Greyhound Strike

Contra Costa commuters, without regular transportation to and from their jobs, had ample opportunity to express their sentiments about the Greyhound bus strike at the regular monthly meeting of the Commuters Association Tuesday evening at Acalanes High School.

Possibility of securing transportation by American Bus Lines (Burlington) was explored, but it was decided that better results could be had by coordinating and expanding the scope of private ride pool groups which have been carrying the load since the strike began on March 2.

It was brought out that Burlington's schedules are at widely separated intervals, and not concentrated enough at hours adaptable or necessary to the needs of the commuters. Also, the absence of a commutation rate would bring the cost of riding their buses to a much higher figure that most commuters felt able to pay. Reports from those who have tried to avail themselves of this service pointed to already crowded conditions, due mainly to military personnel movements to and from Camp Stoneman.

PLANS WERE MADE to effect closer contact between those who need rides and those who have room in their cars for passengers.

Although there were some divergent views on the subject, it was the general consensus that the association would take no steps at this time to interject itself into the present deadlock in negotiations between the striking drivers and the Greyhound Company.

LATEST REPORTS on the strike were given by John E. McKirahan of Lafayette, as part of his general report on service (or the lack thereof, for the present, at least). According to McKirahan, who has been closely in touch with both sides, all signs point to a long, drawn-out strike, and the commuters were urged to plan accordingly.

The group acknowledged receipt of a communication from the Lafayette Community Club and voted to decline an invitation to take an active part for the present, at least, in a drive to establish a community center in the Lafayette area.

While it was felt that this is a very admirable and worthy project, it was believed that since the Commuters Association is representative of the entire eastern area of the county from Orinda to Concord, it would not be in keeping with the purposes for which it was formed to engage at this time in a non-related activity which is restricted to any one community.

PRESIDENT Arthur Bowman announced an operating budget for the current fiscal year, which was presented by Fred Folliard, treasurer, unanimously adopted by the directors.

What About Talk Sanitary Unit Eyes Garbage Disposal?

Talk was in the air this week that the Central Contra Costa Sanitary District might take charge of garbage collection.

It started when R. E. Wadsworth, Orinda member of the board, asked at the last meeting the difference between licenses and franchises.

He was cut short when Chairman Elliott Johnson, Lafayette, said it wasn't on the agenda.

"I didn't have anything in mind," Wadsworth said this week. "We're always looking for more money and letting out a franchise is one way to get it. I guess I should have done my asking in private."

The District has the power to collect garbage or give out a concession for collection, but it has never used it. At present, garbage is handled by private contractors.

"I don't know anything about it," Johnson yesterday. "It's never been discussed officially."

He said it was a surprise to him when he learned later that a group of garbage men were at the meeting.

"PERSONALLY, I'm against it," he said. "We have plenty of other troubles. Nobody has complained of the service that I know of. And I think it's pretty well handled now.

"Of course, if something goes wrong, we have the power to take it over. But as far as I'm concerned, it's a difficult job with a lot of details."

What about a franchise as a means of raising money?

"It would all come out of the same pocket anyway," Johnson answered.

'So Unusual To Get Seat,' Says CommuteThumber

What with car pools and hitchhiking increasing in popularity as the Greyhound bus strike continues, the Sun asked John E. McKirahan of Lafayette, a strike-duration hitchhiker, for his impressions.

McKirahan, an engineer for the Goldfield Consolidated Mining Company of San Francisco and chairman of the bus service committee of the Contra Costa County Commuters Association, obligingly yanked a notebook out of his pocket.

"I'M TURNING literary," he confessed. "This isn't the Diary of Samuel Pepys, but it could be called the start of the Diary of a Contra Costa Commutetr. Read it and weep — or laugh."

This is what we read:

Up betimes, and a bit befuddled. No "riding to the hounds" today, so it behooves me to think of other means of travel.

I wiggle my thumb, and put it through a series of vigorous setting-up exercises, for it is the key to solving this transportation riddle. My placard, "S. F.," advertises my destination, although "S. S." for "sad sack" might better express my feelings at the moment.

I REFLECT BRIEFLY on the thought that the amigos and rancheros who roamed these parts near the turn of the century had better means of transportation than I. Sodden thought. Progress, where have you led us in this jet-propelled age?

But no time for reflection. So it is out to the highway, to try my luck. A few cars whiz by. Drivers give me a curious look. Probably think I'm a fugitive from the "Truth or Consequences' program.

ONE FINALLY STOPPED. Turned out to be a fellow bus rider. Said, "Your thumb is in fine form this morning."

I settled back to enjoy the ride. So unusual to get a seat. It's an ill wind that blows no good, or something on that order.

We run into a traffic jam near Orinda Crossroads. Saw where a little Crosley had plowed into the back of a new Mercury. Driver of the Mercury looking through the back of his car, trying to see what hit him. We finally get around the pile-up. Nobody hurt, fortunately, except possibly the pride of the driver of the Mercury.

Across the bridge, inch by inch, starting from 'way back near Broadway

FINALLY ARRIVE at work in S. F. Strangely enough, earlier than usual. Hard to convince the office gang I hadn't stayed over in S. F. all night. Horrible thought.

And so to work, my "S. F." placard stored neatly beside my desk, and my thumb guarded carefully for future use.

It's been a long, hard winter. They say that spring is just around the corner. That's where you'll find me during this Greyhound strike, thumb in hand and tongue in cheek, hitching my way across the bay.

GOP Women Meet Monday Morning

The Republican Women's Club of Orinda will meet at the Orinda Community Church Social Hall next Thursday at 10 a.m.

Ben S. Allen will be the speaker. He was a war correspondent during World War I and was one of seven men who met with Herbert Hoover to organize the Commission for Relief in Belgium.

Allen's subject will be "What is your place on the Totem Pole?"

John Nejedly Speaks to Lions Club on Wills

John Nejedly, city attorney of Walnut Creek, talked on wills and estates at the Orinda Lions Club meeting Wednesday night at the Willows.

Nejedly stated it was the desire of the state that people should become more familiar with laws governing the distribution of personal property and estates at the time of death.

In charge of the program was Jack Cooper, who also furnished special refreshments and entertainment announcing the anticipation of his new line of automobiles.

The Board of Directors approved the donation of $100 to the Lion-sponsored Troop 207 for 16 pup tents, Jerry Cullen is scoutmaster.

The tents will be available for use on a camping trip this weekend.

Next meeting of the Orinda Lions will be held on an irregular date, March 27, when the Danville Lions Club and Orinda Lions will gather for a joint meeting at the Willows. The Lions' district governor will be speaker.

It's A Wetter Year Than Last

Speaking of the weather, its' been wet—2.24 inches of rain for the week of March 6 through Wednesday.

That brings the weather year's total (since July 1) up to 39.64 inches. That's more than Orinda had all of last year (July 1, 1950, to July 1, 1951), which was 38.22 inches!

Maybe it's spring. Warmest day of the week was on the weekend, Sunday, registering 61 degrees. Coldest night of the week was Tuesday, with a 34 degree temperature reading.

Junior Chamber Launches Drive For Fluoridation

The Mt. Diablo Junior Chamber of Commerce has unanimously voted to actively campaign for the introduction of fluoride into the East Bay Municipal Utilities District water system, serving the Orinda-Lafayette-Walnut Creek area, according to William McKee, president.

The committee, headed by Homer Caswell, will meet with representatives of Berkeley, Oakland, Alameda, Richmond and San Leandro Jaycees, who are already conducting a fluoridation campaign, to map out plans for taking the Orinda-Lafayette-Walnut Creek area into the master fluoridataion plan.

At last Monday evening's general membership meeting, Mt. Diablo Jaycees heard Arthur C. Ames, public relations representative of E. B. M. U. D., speak on the problems involved in fluoridataing the system, and saw a 30-minute, sound and color movie depicting the story of E. B. M. U. D. water, from the first tapping of the Sierras' water shed, impounding the water in the Pardee Dam, and thence through pipelines, to the several reservoirs, filter plants, pumping stations, and finally, the delivery of the water to the consumer.

The committee urges all organizations from the Orinda-Lafayette-Walnut Creek area, who are interested in better public health for the area, to contact Caswell for speakers, who will be made available to explain the reasons for fluoridation, the problems involved and the cost to the individual.

Commuters: Here Is Share-Ride Plan

To all commuters:

Here's a plan to facilitate getting to and from your jobs during the Greyhound bus strike. Many commuters have extra room in the cars but don't know others who need rides. And many who need rides don't know whom to ask for transportation.

In cooperation with the Contra Costa County Commuters Association, the SUN is suggesting you use one of the coupons appearing elsewhere in this issue. Send the coupon to the SUN, which will turn it over to the association.

In this way, the car pools which have already established themselves as a commuter characteristic in the strike situation will become even more effective, and will serve many more people.

And there should be considerable saving of expense—not only in gasoline, oil, upkeep and repairs but also in parking fees.

There also would be insurance in getting to the job on time. If one car can't be operated for some reason, one of the other cars can be used.

It will also mean that wives of many commuters can use their cars during the day for errands and shopping — a way to cut down on heavy Saturday shopping trips.

This will please merchants who would like to devote as much personal attention as possible to each shopper. Often they can't because of the heavy concentration of shoppers on weekends.

Dog Obedience Training Course Ends, New Series Set To Start on March 27

By LYN McKEE

THE DOG OBEDIENCE TRAINING COURSE at the Walnut Festival Recreation Center in Walnut Creek ended this week with the review and judging of all of the novice exercises. The sponsors, the Mt. Diablo Dog Training Club and the Walnut Creek Recreation Commission, have decided to repeat the course, starting on March 27.

Classes will be held on eight consecutive Thursday evenings, from 7 to 8 o'clock. Registration fee will be $2. Those who wish to sign up may contact Milo Hansen, who instructs the course, by phone or personally at the Valgo Pet Shop in Lafayette.

Few openings are left, but applicants who cannot be accepted will be placed on a waiting list for a third training course.

One of the most diligent trainers at the obedience classes has been young Peggy Bird. Her dog, Remus, is part Labrador and part St. Bernard. He looks like a woolly black bear and has the disposition of a lamb.

Julie Dees of Lafayette is another young trainer who has been on hand at every class with her little black dog. And Jimmie Bennett has been working hard with his cocker spaniel.

One of the brightest dogs attending the course is a brown poodle owned by Mr. E. Schuurman. Mrs. Emily Vicari's Great Dane also should be ready for late spring obedience trials, along with Mrs. J. B. Hainline's Boxer, Muff.

George Williams' collie is a real sweetheart; he seems to want nothing more out of life than the chance to please his master. On a downstay one evening, he never moved an inch, even though another dog bounded up to him, frisked around and jumped right over him.

There has been a fine turnout of German Shepherds. Frank Snedeker and Bill Hayes should be showing theirs in obedience before long. And Mrs. James F. Bailey and her German Shepherd, Shadow, have been among the regular training class participants for some time.

DOG OWNERS in this area brought home an impressive array of awards from the Oakland Kennel Club's golden anniversary all-breed show.

Mr. and Mrs. C. N. Nelson entered a young Standard Schnauzer bitch, Blacknest Salvinia of Coterne, who, much to their delight, went Best of Winners. They are also the owners of the famous Ch. Major Pfeffer, who has been named the Best Standard Schnauzer at the Westminster Show for 1951 and 1952.

Bill and Midge Hayes are very proud of their German Shepherd, Anthony von Willmar, who came off with purple ribbon waving, as Winners Dog. Too bad, though, that the entry for this breed lacked one of making it a three-point show.

Bod and Trudy Hoyt plunged into the dog show sport for the first time, and came up with a gold trophy. Dirk Av Kongsberg, their Norwegian Elkhound, was Best of Breed.

Night Express of Valgo, Bedlington owned by Milo Hansen, went up the dog show ladder to take Best of Winners. And three more Valgo dogs were on hand for the Champion Parade. Also marching along with the Champs was the Robert Cushmans' English Cocker, Ch. High Regard of Chaparral.

Alfyr's Daphne, owned by Colonel Francis J. Clune, might have been lonesome, but she had no worries as to where she would place in the competition. There wasn't any. She was the only Lakeland Terrier in the show.

Door-to-Door Red Cross Drive Gets Under Way

Over 1,000 volunteers in the Mt. Diablo Chapter area commenced this week the personal door-to-door solicitation for the Red Cross which in the month will reach every home and store.

The volunteers, in their fund drive, are seeking members for the Red Cross. Each contributor becomes a member in this organization which does so much for so many.

Early reports on the fund drive were sketchy but indicated that the area response would again be high.

The quota this year — $24,000 — is the same as last year.

Again, chapter officials urged that contributions be earmarked for the local chapter by making checks payable to Mt. Diablo Chapter, American Red Cross.

Area Residents Will Participate In Camellia Show

Many people from this area are preparing for the Seventh Annual Camellia Show of the Northern California Camellia Society, Inc., tomorrow and Sunday.

The show will be held at Berkeley Veterans Memorial Building, 1931 Center Street, Berkeley. Saturday hours are 2:30 to 10 p.m., and Sunday hours are 10 a.m. to 6 p.m.

On the show management committee are Barlow Hollingshead of Orinda, chairman; David L. Feathers of Lafayette, Dr. Fred E. Heitman of Orinda, Harold L. Paige of Lafayette and Dr. Gordon W. Richmond of Richmond.

Mrs. Barlow Hollingshead of Orinda is chairman of registration and judges' clerks, assisted by Mrs. J. D. Merritt and Mrs. Horace Breed. Mr. Feathers is in charge of judges; Dr. Heitman, of commercial displays; Dr. Richmand, of display illumination.

McKeever of Orinda, Mr. and Mrs. Herbert V. Mitchell of Walnut Creek and Mr. and Mrs. W. L. Stoeckle of Concord.

Wood carving as adopted for camellia garden use will be displayed by Mrs. Herbert Teachout and Mrs. Horace Breed of Orinda.

The show will feature thousands of specimen camellia blooms, the majority of them grown in Contra Costa County. For the past several years most trophies have been won by residents of Contra Costa County. Feathers won sweepstakes the past two years; Hollingshead was runner-up.

Many garden clubs and individuals are participating in flower arrangements dramatizing camellias. Among them are Orinda Garden Club, U. C. Mothers' Club of Lafayette, Mrs. W. W. Wilson, Mrs. Teachout, Mrs. Norman Bailey, Mrs. E. C. Drews, Mrs. Roger Stark, Mrs. Milton Selby, Mrs. A. D. Blalock, Joyce Bailey, Madelyn Sears, Mrs. Fred E. Heitman of Orinda; Mrs. H. S. O. J. Wohlgemuth Says He's in Race For the Assembly

O. J. Wohlgemuth, Walnut Creek businessman and secretary to the Board of Trustees of Contra Costa Junior College, yesterday announced he's a candidate for Assembly of the new 10th district.

"Contra Costa County," he said, "is a very complex, diversified county. Its problems are as varied as are its interests. They require representatives who thoroughly know and understand the problems.

"I have lived with these problems, know what they are, and if elected will go after the kind of help we need and to which we are entitled. And, I might add, the fastest growing county in California, if not the whole nation, needs plenty!"

Wohlgemuth has lived in the county 11 years, 22 in California. He operates a walnut ranch in Ygnacio Valley. A registered Republican, he will file on both tickets.

He is past director of the Walnut Creek Area Chamber of Commerce, vice-president of the Contra Costa Historical Society and one of its founders and immediate past president of the Walnut Creek High Twelve Club.

He also has been chairman since 1947 of the Contra Costa Committee on School Reorganization and member of the Walnut Creek Lions Club, Contra Costa County Walnut Growers Association and County Farm Bureau.

William Phelps, W. C. Attorney, Eyes Assembly

William H. Phelps, Walnut Creek attorney, took out nomination papers this week for the Assembly campaign.

He said he's a registered Democrat but he hasn't made up his mind whether he'll cross file.

Phelps said he has several legal reforms he'd like to work for in the State Legislature including reorganization of courts to speed up civil cases; expansion of the law of eminent domain whereby property owners adjacent to that taken over by the government also would be repaid for loss of value.

Phelps has practiced in Walnut Creek for two years. He is 31, single and a veteran of overseas duty during the war. He has a degree in business administration from the University of California and a law degree from Hastings College. He lives at 3255 Mt. Diablo Boulevard.

Politicus Admits He's Often Right

Politicus, not an individual of false modesty, shyly admitted yesterday that his policical batting average is a cool 1.000.

Three times at bat and three clean hits, says he.

1. Couple of weeks ago he predicted Don Doyle would be named by the County Republican Assembly — and so they did.

2. He said King Parker would not withdraw from the race — right again.

2. He said O. J. Wohlgemuth would also join the happy throng — and that's what happened.

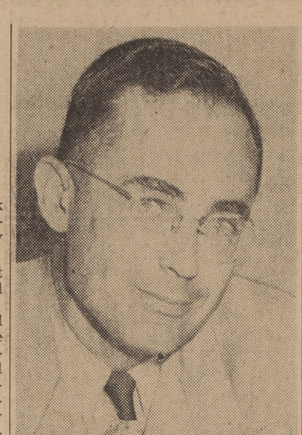
Not content to play the cinches, Politicus yesterday threw caution to the wind. In a wild moment he predictetd that Ike and Kefauver would win the New Hampshire primary.

Ed Larmer Says He's 'Standing By' In Assembly Race

Ed Larmer, Walnut Creek businessman, said yesterday he is still undecided about running for the Assembly.

"I'm just standing by," he said. "I have until April 29. What happens tonight (at the Republican meeting called to pick a Congressional candidate) may help me decide."

"It looks like a mad scramble already," he said of the crop of candidates declaring for the race this week.



JOHN NEJEDLY
. . . Walnut Creek City Attorney

John A. Nejedly Seeks GOP Post In Assembly Race

John A. Nejedly, attorney for the city of Walnut Creek and the Central Contra Costa Sanitary District, yesterday announced his candidacy for the nomination as Republican Assemblyman.

"The many problems created by this rapidly growing area require an informed representative in the State Legislature," he said. "I feel my experience in the government of this county provides the background out of which that type of representation can be secured."

He said if elected, he would expect to devote almost full time to his duties and would give up his present positions.

Nejedly has lived in the county since 1938. He was deputy district attorney from 1946 to 1950.

After military service with the Far Eastern Air Force as Japanese language officer, he became city attorney for Walnut Creek. He has been counsel for the Central Contra Costa Sanitary District since 1950.

He is a member of the Elks Club, the American Legion and the Rotary Club of Walnut Creek.

Welsh Set To File For the Assembly

Harmon E. Walsh, Port Chicago, took out nomination papers this week for the Assembly campaign.

He is a supervisor for Shell Chemical Company, member of the Board of Trustees of Mt. Diablo Unified School District, a director of Pittsburg Community Hospital, and a former member of the Democratic County Central Committee.

Welsh said he will file on both tickets.

Don Doyle Gets Republican Group's O.K. for Assembly

The Contra Costa Republican Assembly this week named Don Doyle as its choice for assemblyman in the 10th district.

On hearing of his endorsement Doyle said, "I appreciate the time they took and the way the problem was approached. I had stated in the beginning I would abide by the wishes of any recognized group in order to keep harmony in the party."

The asembly's fact-finding committee picked the Lafayette resident after thorough investigation and after contacting other Republican groups, an assembly spokesman said.

Doyle, an Oakland insurance man, is director of the Contra Costa Safety Council, president of the Oakland Association of Insurance Agents, and is affiliated with several local social organizations.

Politically, Doyle has represented community and professional groups before several sessions of the State Legislature.

Doyle probably will announce his candidacy next week.

De Paur Infantry Chorus Performs Next Thursday

Hailed as the most important concert attraction to spring from World War II, de Paur's Infantry Chorus will be heard Thursday night at 8:15 at Acalanes Auditorium under auspices of the Acalanes Community Concert Association.

The tuneful veterans, who sang for American troops from Iwo Jima to Bad Neuheim, remained together as a unit under Captain Leonard de Paur's direction and are now making their fifth civilian concert tour under auspices of Columbia Artists Management.

The de Paur Chorus, organized within the 372nd Infantry Regiment at Fort Dox, N. J., in 1942, gave more than 2000 concerts for American armed forces while in the service, visiting every theater of war during the course of their three-year travels.

Part of the repertoire to be heard Monday night is made up of music of the many lands the ex-soldiers visited. Servicemen who heard them during the war told the singers they would like the folks back home to hear the programs, which also include service songs of World War II as well as contetmporary classics, spirituals and songs of different faiths.

De Paur, who enlisted in the Army as a private and rose to the rank of captain, has been heard in New York as choral conductor of the Virgil Thomson-Gertrude Stein opera,

Mothers Club to Discuss Welfare Plans on Tuesday

Agenda of the regular monthly meeting of the Orinda Mothers Club Tuesday, 1:45 p.m. at the Orinda School auditorium, includes a discussion of welfare plans for the Orinda schools and slides of Central America, according to Mrs. Robert Bigler, president.

Mrs. Bruce Howard, welfare committee chairman, will report on the needs of the schools that Mothers Club may supply for the year.

In the last year, Mothers Club donated visual aid equipment to the schools and 50 monthly to the school libraries for books. During the previous year, central sound systems and playground equipment were given to the Orinda and Glorietta schools by the Mothers Club.

Members will vote on the recommendations of the welfare committee which met recently to consider possible Mothers Club aid to the schools. Committee members included chairmen of all fund raising activities of the club: Mesdames Joseph Downs, Absurdia in Suburbia III; Jack Moylan, bridge; Stuart Henderson, children's theater; Kenneth Brown, publicity. In addition Joseph Sheaff, superintendent, and board members Mesdames Bigler, Charles Coburn and Donald Krotz, were also present.

Mrs. Bigler will preside during the meeting, which will also include a report from Mrs. Downs on the progress of Absurdia, scheduled for presentation May 2 and 3 at Acalanes High School auditorium.

Colored slides of her recent trip to Central America will be shown by Mrs. Krotz at the end of the business meeting. She and her family spent six weeks last summer visiting the countries immediately south of the United States, and took many colored movies and slides of the sights they saw.

Refreshments will be served at the close of the afternoon by Mrs. A. K. Harmon, room mother for Mrs. Dochterman's third grade class in the Orinda school. Other mothers in the class will assist her.

A book prize will be awarded by Mothers Club to the room having the most mothers present at the meeting.

Guild Hears Talk On Samoan Trip

The General Guild met March 4th in Fellowship Hall of Orinda Community Church for luncheon and dessert, served by Section 2, and an afternoon program. The Guild president, Mrs. Ralph Phelps, presided. The devotions were given by Mrs. Jesse McMillan.

Mrs. Ralph Byron, accompanied by Mrs. Charles Baker at the piano, sang three numbers.

Mrs. Willis Branch, program chairman, introduced the speaker, Mrs. A. C. Ramsey, member of Section 1, who told humorously of her adventures on a 56-day trip to and over the South Seas island of Samoa. She had an opportunity to observe the natives at work and at play and told what a generous and peace-loving people they are.

The hall was decorated with large tropical-like green leaves, bright pieces of coral, huge shells and native-made tree bark cloth. Some of Mrs. Ramsey's souvenirs are museum pieces.

During the business meeting later, the treasurer reported that $258.43 was cleared on the February 26 dessert, fashion show by Virginia Hammond and card party.

Mrs. McMillan said she had sent a food package in the name of the Guild to Israel, and six boxes of clothing totaling 85 pounds to refugee camps.

Orinda Family 'Adopts' Ten European War Children

By IANN HASTINGS

Mr. and Mrs. J. W. Dieterich of 317 La Espiral, Orinda, have "adopted" 10 European children through the Foster Parents' Plan for War Children.

The Dieterichs are most reluctant to personal publicity but do feel that if any publicity given the Foster Parents' Plan for War Children aids Europe's war-ravaged children, it is of value.

Information about the Dietrichs' "adoptions" and descriptions of the 10 youngsters were sent to the SUN by the Foster Parents' Plan office in New York City.

FOSTER PARENTS' PLAN for children for whom the was has never ceased does not do mass relief. Each child is treated as an individual. "Adoption" is financial, not legal. The Foster Parent merely promises to contribute towards the child's support for at leat a year.

Mrs. Dieterich, speaking of their enlarged "family," said: "For several years we have been helping people in Europe through CARE and other channels.

Our son suggested our helping young people instead of old people — doing things for the children, so as to improve future world relations."

The Dieterichs' son, James W. Dieterich Jr. of Alamo, has been helping war children for several years and has a Belgian "adoptee."

Each of the Dieterichs' 10 children have a heart-rendering story caused by international conflict. Their few years are filled with poverty and little security.

JOHN VELETAKOS, a 12-year-old Greek child and his brother, Christos, 11, were only babies when Greece was attacked by Italy. Their father was killed in action after being sent to the Albanian front.

The family's only income is a meager monthly pension. Their mother's health has been greatly affected by lack of sufficient food and miserable living conditions.

ORONZA FERRARA Andriola, an 11-year-old Italian girl, has been living with an aunt and uncle who do not have the money to support her. Her mother was killed under heavy bombardment a few days after her father was killed in action in Albania.

MICHAEL, 10, and Alain Reboul, 12, live in Fance with their mother. She was widowed when her husband was killed in 1942 in Africa. They live in inadequate rooms given them by relatives but have little support from a small pension.

ADOLFO NESICH, a six-year-old Italian, was orphaned when his mother was killed by striking her head on a stone to avoid a speeding automobile. His father was ambushed and killed by a party of Yugoslav communists. He lives with his grandmother who earns a few cents a day by doing mending.

CHRISTIANE, 11, and Denise Collet, 10, lost their father when he was killed on a mission while a member of the French Underground. Their mother died of tuberculosis six years ago. The two little girls live with their widowed maternal grandmother.

FRANCINE and Jeannine Turner, eight-year-old twins, were left in an orphanage in Belgium when their mother went to England with her second husband, an Engilsh soldier. She died of tuberculosis in England five years ago. They now live in a special children's colony, since having recently come under Plan care.

The monthly cash contributions by Foster Parent contributors lighten the burden of the mother or relatives of the child against the struggle of poverty and ill health. The gift of friendship brings a measure of happiness into lives shadowed by the tragedy of war.

In return, the foster parent receives a photograph and brief history of the child, and correspondence through the Plan office is encouraged, since the children need the feeling of being loved and belonging to someone, someplace. Now celebrating its 14 anniversary, Foster Parents' Plan has cared for more than 70,000 European war children.

EUROPEAN WAR CHILDREN — 10 of them — have been "adoptetd" by Mr. and Mrs. J. W. Dieterich of Orinda, through the Foster Parents' Plan for War Children. Here are five of the "adoptees." At top, left to right, are Christiane Collet, 11-year-old French girl; Christos Veletakos, 11-year-old Greek boy, and Denise Collet, Christiane's 10-year-old sister. At bottom are Francine Turner (left), 8, of Belgium, whose twin sister Jeannine is also part of the Dieterich's "enlarged family," and Adolfo Nesich, 6, of Italy.

Orinda Mills Club New President Is Mrs. R. M. Gilwee

Orinda Mills Club named Mrs. Russell Gilwee as new president at its meeting Tuesday night at the home of Mrs. Ben Randall of 6 Valley View Drive.

Mrs. Monroe Spaght was appointed temporary student recommendation chairman. The club decided to begin work in June to solicit funds for the $2,000,000 fund raising drive planned by the college this year.

Mesdames Harry Booth, Monroe Spaght, Russell Gilwee and Ben Randall will give parties for children this month, a project sponsored by the club to raise money for the alumnae scholarship fund.

Flu KO's 'Happy Country Folks'

Not so happy this week is Edith Bolman, author of the popular column, "About Our Happy Country Folks." The flu bug has nipped her, so her column is not in this issue of the Orinda Sun.

However, Mrs. Bolman is reported recovering, and we hope she'll be well next week and that her entertaining, informative column—from which the author's "royalties" go to the Orinda Branch, Children's Hospital of the East Bay—will be in next week's issue, sprightly as ever.

FAN BELT ADJUSTMENT

On some types of motors, where the water pump and fan are belt driven, a loss of cooling efficiency may be due to the belt becoming loose and slipping on the pulleys.

'Camino Pablo'— What's in a Name?

"How come?" is what many Orindans are asking about the road sign "Camino Pablo."

For many years this road has been known as Orinda Highway, and as such is in the telephone directory and on deeds, insurance policies and mortgages.

Out-of-town visitors given an Orinda Hghway address or instructions to drive up Orinda Highway to find the beginning of El Toyonia, Camino Sobrante, Miner Road, Ardilla Road, Claremont Drive and Manzanita Drive are confused.

Camino Pablo may be the oldest name, but not the one used during the development and growth of Orinda.

Many skills of many people go into the big job of providing telephone service in the West today.

FIVE BILLION CONVERSATIONS

This huge number of telephone calls a year is the important responsibility of 73,000 men and women in the West.

Five billion conversations! By day and night, in cities and towns, across valleys and over mountains, the West's telephone lines are busy carrying the calls that in a year total more than twice the population of the earth! Some calls are routine, others may save a life, but each call is vital to capable telephone people everywhere as they work at the wide variety of telephone jobs needed to serve you and the nation well.

This telephone team, for instance, is pinpointing the location of a buried cable which needs repairs. The cable will be fixed quickly . . . and calls will flow again. Meanwhile, your long distance calls are re-routed to get them through with little or no delay. This is just part of the complex job of maintaining and expanding the West's vast telephone system—a job which now requires the skills of some 27,000 well-trained telephone men and 46,000 alert telephone women here in the West. 'Round the clock, they're on the job to keep America's telephone system the finest in the world . . . able to do its full share of the important task of keeping America strong.

Your telephone is one of today's best bargains

For every telephone employee, we have about $20,000 invested in telephone equipment. Naturally, both must work together to bring you good telephone service. And it's reassuring to know that despite our sharply-increased costs of both wages and materials, we've been able to keep your telephone one of today's best bargains.

Weimar Women's Dessert Bridge Set for March 18

"May we see more movies, please?" This is the plea of the children at the Weimar Tuberculosis Sanitarium.

To help answer this plea, the Women for Weimar will have a dessert bridge Tuesday, 12:30 p.m., at the home of Mrs. A. D. Blalock, 24 El Verano. Mrs. John Parker is general chairman. For reservations call her.

Mesdames G. Matey, W. Littlejohn and Z. Montgomery are in charge of decorations. Mrs. G. Klement and Mrs. M. Winters are the refreshment committee. Mesdames R. Diehl, E. Spiegl and L. Farrar are on the equipment committee. Mrs. R. Anderson and Mrs. G. Vurek are the committee on prizes.

For over a year the Women for Weimar of Orinda have been sending movies to the children at the sanitarium once a week. The women have been able to finance about 15 to 20 minutes of entertainment a week.

The films are rented and mailed by Mrs. L. Farar, who manages to arrange a longer film and a very special one on special occasions, such as Christmas or Easter .

It is hoped to raise enough money by the dessert bridge to increase the film showing time about 10 minutes.

Rain Upsets Don Schedules for Baseball, Track

Rain the past week played havoc with the Acalanes High School sports schedule.

The Varsity and Junior Varsity baseball teams were forced to call off their games with Richmond High, originally set for Wednesday.

The Varsity tilt was canceled, while the J. V. game was reset for March 24.

The Acalanes track meet which had been set for yesterday with Pittsburg, Livermore and Las Lomas, was moved to next Monday after the Acalanes track was turned into a lake by rains early in the week.

HELPFUL HINTS

FROM MILTIE

Ever notice how the labels on medicine bottles always seem to become stained by dribbling of the contents when the medicine is poured? Check your own medicine cabinet and see how many have actually become illegible then form the habit of holding the label up when you tilt the bottle. It may still dribbel but the drops will run down the side of the bottle away from the label.

This makes sense. It's better to know what you are taking from the bottle rather than guessing. Reminds me of a friend of mine, who, just before she went to her daughter's wedding picked up a bottle and said to herself, "This looks like the bottle of energy pills the Dr. gave me." So she took a couple, then fell asleep at the wedding when she found out that she took sleeping pills.

Here's What State Allows for School Costs

(Editor's note: This is another statement prepared by the Orinda School Board on the general subject of school construction costs. A previous article dealt with the letting of bids.)

THE FOLLOWING square foot costs are allowed by the state in connection with the state aid program (as of November 26, 1951):

CLASSROOMS and closed corridors, 14; kindergartens, $16.50; multi-purpose rooms without tables, $18 (elementary), $19, (high school); administration rooms, $14.50; toilets, $20.

ARTS, CRAFTS and music, $14.50 (elementary), $16.50 (high school); kitchens, $19; domestic science $18; science rooms, $16.50 (elementary), $18 (high school); storage areas, $11.50; mechanical rooms (except four hour fire resistance), $10.50, (with four hour fire resistance), $13.

SHELTERED AREAS, $6; gymnasiums, $15; locker shower rooms (without lockers), $18; (with lockers) $20; shops (with equipment), $14.50 (elementary), $18 (high school); shops (without equipment), $11.50 (elementary), $16.50 (high school).

OTHER AREAS not listed, $14.50. 20% increase allowed in high school areas.

THESE UNIT COSTS do not take into consideration any unusual site or utility conditions but are figured where construction is contemplated on a fairly level topography.

Site development is not incorporated in these unit costs, and as a matter of fact the state allows up to a 20 per cent increase to the above unit costs in critical construction areas.

IT SHOULD BE emphasized that construction costs are governed by labor and material costs, as well as government material control. These factors naturally cause the architect's estimate to vary considerably during the stages of plan preparation.

Another factor which governs construction costs is the stringent state laws regulating construction safety.

THE BOARD of Trustees, in conjunction with the architect, has carefully considered all factors and relative to the design of the building for the Sleepy Hollow School have eliminated any so-called "frills" which are not essential toward obtaining maximum educational facilities for the least expenditures.

Hendrickson's Business Crowds Hunt-Fish Hobby From Calendar

Jim Hendrickson, owner of Orinda Motors at 63 Orinda Highway, likes to hunt and fish but he doesn't have much time for it with the responsibility of keeping his motor company open 365 days a year, 24 hours each day.

Hendrickson, known as "Jim" to Orindans, is a member of Orinda Lions and lives on North Lane with his wife, Marion, and two-year-old daughter, Ann.

The automobile expert began his Orinda business nine months ago. He was formally in the wholesale auto parts business in Oakland. Speaking of his business relationships, he commented:

"The first nine months here have been a sincere pleasure. I have enjoyed it thoroughly. I have had very good relationships."

He spoke highly of his crew of men and said Orinda Motors deals with everything that has to do with a car with the exception of body and fender work. They do any type of mechanical work, sell gas and oil, have a pickup and delivery service and tow service.

CALIFORNIA STATE Automobile Association motorists who have automobile breakdowns will be happy to know they can call Orinda Motors day and night.

Orinda Motors has recently been authorized by the association for emergency road service.

'Overpass' Popular Word in Orindans' Comment on Solving Highway Problems

By IANN HASTINGS

Prominent word in the replies of Orindans when they were asked by a Sun reporter this week "What immediate improvement would you recommend to help solve our highway problem?" was "overpass."

Admitting the overpass was not an immediate improvement many agreed that improvement of other thoroughfares to Orinda such as San Pablo Dam Road would help the traffic situation.

Also suggested was a safety campaign to be conducted by motorists using the highway.

L. D. MacGREGOR of 126 Las Vegas mentioned the overpass and suggested making San Pablo Dam Road a four-lane highway, improving traffic between Orinda and San Pablo. To cut down traffic deaths in California, he suggested eliminating all three-lane highways.

NED DE LAVEAGA, manager of the Chevron Service Station at the Crossroads, said: "The only thing I suggest is to develop other roads, such as Fish Ranch Road, the road through Redwood Canyon, the road through Tilden Park and the San Pablo Dam Road. Then if we could get people to use these roads more, there would be less traffic on Mt. Diablo Boulevard."

"The overpass would be the biggest help." commented Mrs. J. J. Ternes of 29 Daryl Drive.

MRS. GEORGE A. SIMMONS Jr. of 171 Moraga Highway also mentioned the overpass and suggested widening and improving Moraga Highway. "All the roads in Orinda need improvement," she said.

WILLIAM J. RUSSELL of 11 Valley View Drive, said: "Make Moraga Highway into four lanes and fill up some of the holes. Many of the roads need the holes filled in."

Russell said he believed a campaign for safety driving was needed, cracking down on speedsters and motorists who made left hand turns incorrectly, and more road blocks on the highway to check up on drivers and on the condition of their automobiles. He said, "we need more highway patrolmen."

STANLEY ALLEN, Sprouse-Reitz executive, answered, "My reaction is entirely selfish. The Crossroads underpass or overpass most urgently needs consideration."

In reference to the present highway, Allen said, "If we could promote a campaign on a voluntary basis to get slow drivers to use the right hand lane of the highway, it would be a big help. Every day I run into this problem. That is one reason we are not making the best use of the facilities we have."

When the question of Orinda roads was brought up, the executive commented, "The first mile and a half of Moraga Highway is in excellent condition. Of course, there are other outlying roads that are rather poor."

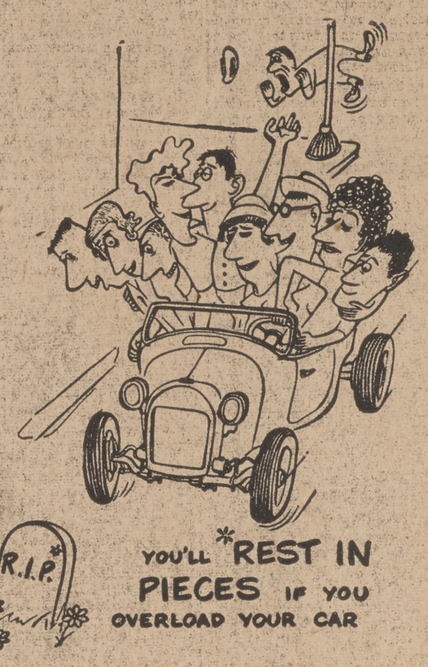
It's time to give to Red Cross again. Some 1000 volunteers in the Mt. Diablo Chapter area are going from door-to-door soliciting campaign for funds.

Most people don't need to be reminded what the Red Cross does and why contributions should be generous. They know the Red Cross is a vital part of our national life — from taking charge of blood donations to making garments for hospitals.

It all takes a lot of money. For instance, Red Cross set up clubs for servicemen in Korea because the armed forces couldn't do the job as quickly.

But here's something you may not know. For every paid Red Cross worker, there are about 80 volunteers. In other words, your contributions go a long way by helping to provide the material and equipment which keeps volunteers on the job.

One more thought for those who work and donate outside of this area. The Mt. Diablo Chapter asks you to credit at least part of what you give to your local group. About 75 per cent of contributions stays right at home. But the local chapter won't get the money to keep up its work unless you make your donation in its name. So remember: write on your check — credit Mt. Diablo Chapter.



County Principals Hear Don Report

Three Acalanes District representatives — Principal Leland Russell of Las Lomas High School, Betsy Pembroke, instructor and audio-visual department head at Acalanes, and Margaret Nicholson, Acalanes science instructor — reported recently to the steering committee of Secondary Principals of Contra Costa County.

Russell reported on math committee curriculum findings, Miss Pembroke on establishment of a county audio-visual committee and findings of the publications committee, and Miss Nicholson on problems in science instruction.

Other Acalanes District representatives at the meeting were Stanley Walgren, Acalanes principal; William Ross, Acalanes counseling department head, and Mrs. Ruth Malnik, Las Lomas dean of girls.

'Open House' at Acalanes Adult Center Tuesday

Residents of the Acalanes community are invited to attend "Open House" activities at the Acalanes Adult Center Tuesday, Adult Director George Houghton announces.

Many of the more than 65 courses being offered this quarter by the Acalanes Adult Program will be in session that night and open to the public.

Special displays are being planned by adults in the various craft classes.

The Acalanes Adult Program has served as a recreation and educational center for more than 1500 residents of the community this year alone, Houghton reported.

Expanding with the district, the Acalanes Adult Program now offers courses at the new Las Lomas high school in Walnut Creek as well as the Lafayette (Acalanes) school plant.

Courses offered in the adult school range from ceramics and folk dancing to citizenship classes for persons applying for citizenship papers.

Many of the courses given have been initiated at popular request, Houghton pointed out. Whenever 15 people or more decide on a class for themselves the Acalanes Adult education department attempts to offer the course, providing a suitable instructor can be found.

The public is being invited to get a first hand "look-see" at the program, Houghton emphasized.

One-Day Drive For War Victims

Catholic parishes of Contra Costa County will join with others across the nation in a one-day drive for funds to aid the "victims of war" on Sunday, March 23.

Rev. Victor Wilkiemeyer, Contra Costa drive chairman, called "not only for Catholics but for persons of all faiths, who want to relieve human misery, to lend their aid to the one day, all-out effort."

He explained that funds received will be distributed to persons of all colors and creeds in war-torn lands. Need is their only requirement for aid, he said.

Proceeds of this year's campaign, Father Wilkiemeyer said, are to be devoted to the welfare of persons in seven general groups. They are civilians of ravaged Korea, refugees fleeing Communist prosecution, displaced persons of Germany, Austria and Italy, families expelled from their homes in Eastern Germany, persons behind the Iron Curtain able to accept aid, refugees of the Arab-Israeli war and the flood victims of Italy's Po Valley.

YES, YOU CAN do something about taxes, government, local problems. Keep informed, participate, register and vote.

Acalanes Parents To Hear Medsker

Acalanes Parents Club will meet Monday evening at 8 in the Acalanes cafeteria to hear Leland L. Medsker, director of East Campus of Contra Costa Junior College, describe the courses and program being offered by the Junior College.

Parents are planning a fund raising cake and pie sale for April 19, according to Mrs. Jack Jansse.

All Acalanes parents are invited to the monthly meetings of the Don Parents Club. After the formal program teachers and parents enjoy one another's company and refreshments at a regular social hour.

At the last Parents Club meeting parents were entertained by students in the Acalanes public speaking classes.

Programming Starts For Next Don Year

Programming for both new and old students at Acalanes got under way on the campus last week.

According to Principal Stanley Walgren, prognosis tests in language and mathematics are being given now to elementary eighth graders who will make up next years Acalanes freshman class.

Students at Acalanes are also being assigned courses for next year.

Call for Plane Spotters Issued

A call for volunteer plane spotters is out, coincident with the start on reorganization of this phase of civil defense work in the Orinda-Moraga-Lafayette-Canyon region.

Rejuvenation of plane spotter service, sponsored by the U. S. Army Air Force and utilizing Moraga as the central point of this service, was announced recently. The Moraga School will be local headquarters.

The new organization will be under the direction of Commander M. Blaine De Leshe, retired Navy officer living in Orinda since 1946.

Volunteer workers from teen age to retired adults—boys and girls, men and women—are sought for the plane spotting service from the Orinda, Lafayette, Moraga and Canyon areas.

A training course in "recognition and reporting" will be given the volunteers later by Commander De Leshe at the Moraga School.

It is estimated that 500 volunteers will be needed from this region to man the spotting post on a 24-hour basis in the event of an emergency.

Volunteers have been asked to call Commander De Leshe, Drake 6-8852; Mrs. F. R. Devin, Drake 6-8697, or Mrs. William Gordon, Orinda 8852.

Orinda High School Mothers OK Bonds—Seventh Group for $1,500,000 Issue

Endorsements from community and civic groups supporting the Acalanes High School District $1,500,000 bond proposal to meet a growing crisis in school housing continued to pour in this week, according to school spokesmen.

Seven public groups have to date okayed the proposal.

Latest of these was the Orinda High School Mothers Club, which joined the ranks of bond endorsers earlier this week, unanimously backing the proposal, election on which is set for March 25.

The Lafayette Chamber of Commerce Board of Directors last week unanimously backed the high school trustees' plans for school building construction in the district to meet the costs of the projected program.

Jack Pedder, president of the Lafayette chamber stated that the directors felt that "good schools make for a better community—living-wise and business-wise."

ALSO ON RECORD as of Tuesday this week supporting the bond drive were the Walnut Creek Area Chamber of Commerce, the American Association of University Women, Walnut Creek Branch; the Los Amigos Las Lomas Parents Club, the Moraga Valley Improvement Club and an initial public meeting of 100 community organization representatives and interested citizens who unanimously endorsed the high school bond issue last month.

Other endorsements from community organizations and P.T.A. groups are expected, school officials stated.

Full Sports Schedule for Dons Next Week

Next week finds spring sports really breaking loose as the various teams tackle outside competition.

Rains and cold weather have hampered practice no end and in several instances, such as last week's track meet, have resulted in cancellations.

NEXT MONDAY the Don Varsity baseball nine tackles a strong El Cerrito Gaucho team on the Acalanes diamond in a 3:30 affair.

The J.V. team travels to El Cerrito on the same day to meet the Gaucho reserves.

The Acalanes Junior Varsity meets Livermore on the Dons' diamond on Tuesday, while the Varsity opens league play at Antioch next Friday, March 21.

Antioch is an unknown quantity, due to lack of practice games, but on the basis of an all-veteran club the game rates pretty much of a tossup.

THE DONS' TENNIS team opens its league play against Antioch next Friday, March 21, in matches scheduled for the Paper City courts.

The Dons' record has been none too impressive to date but they have met top-flight competition and rate an edge over Antioch.

TRACK PUTS ON a show for the home town fans next Thursday, when Antioch, San Ramon and Las Lomas furnish the opposition, starting at 3:15.

Coach Charles Eaton's Varsity appears to be another powerhouse and rates as top-heavy favorite.

Coach Bob Lord's Bees are not too deep but still appear to be the favorites.

The swimmers look to be another strong aggregation and should outscore Albany when they travel to Albany's indoor pool next Thursday.

Albany is on its way up in swimming and may pull a few upsets this early in the season, but chances are they lack the depth to match the Dons.

PREVIEW OF ANOTHER GAME? No, but this is a scene from the Don-Albany basketball game early in the season, showing big Bob Borghesani (No. 16) pushing in a field goal. Borghesani, All-County pivot man, was a top scorer. —Acalanes Blueprint Photo

Proof That: McClymonds Has Top Five; Striped Stockings More Than Oo-la-la

By ERWIN MATTSON

THE TOURNAMENT OF CHAMPIONS, held in the Berkeley gymnasium of the University of California last weekend, provided some top-flight basketball.

As things turned out, McClymonds High of Oakland won the title, with George Washington of San Francisco ending up in the number 2 spot.

Albany, representing Contra Costa County, won its first game against Fortuna, but came out second best, as did everyone else, when up with McClymonds. Too much height and speed told the tale.

ALBANY WON THE County title this year and appears to be off for a good start for next season, with the two forwards and center returning, while other fives lost practically everything .

In the Berkeley tournament one team, Monterey, wore knee-length striped stockings, something which hadn't been seen around for some time.

Many professional teams in the East wear them, and not just for decorative purposes.

Such a stocking enables players to spot one another just a fraction sooner in many cases, which often makes the difference between success and failure, as far as the play goes.

Fortuna wore a regular size stocking but striped, probably to dress the team up and at the same time to serve as a means of quick identification.

McCLYMONDS WAS the only team in the tournament that used a zone defense, and it proved tough to penetrate. In a zone system each player is responsible for an area, depending on the position of the ball.

But in a man-to-man type of defense, as the name indicates, each player is responsible for a particular man on the opposing team, regardless of area.

Each system has its merits as well as disadvantages. The tendency today has been to stress offense and plan to outscore the other five, with defense in the background.

The fact that McClymonds used a zone defense and won doesn't prove much, as they probably would have won with any style, they had speed, height, reserves and all-around ability.

CONTRA COSTA'S EAST Junior College will inaugurate baseball this season at one of the county's best diamonds, near Pacheco.

Lou Borghesani has been in charge of construction and has come up with another top job.

The outfields range in distance from 400 feet in right to 600 in left, and an all-grass affair. Lou has regularly counted every blade of grass as it appeared.

He has been confined to his home for several days with what was said to be the flu, but some say that it was the result of the baseball manager miring a truck down in the outfield.

THREE FORMER DONS are scheduled to play ball for J. C. this spring.

George Guppy and Clark Gelhaus return for a second season, while Bob Winkenbach of last year's Don Varsity makes his debut at J. C.

Don Ferrarese Going Great Over in Hawaii

Seth Blakeman, captain for Pan-American Air Lines and Lafayette scout leader, recently passed on the word that Don Ferrarese is really going to town over Hawaii way, where he is stationed as a member of Uncle Sam's Army.

Don has rated headlines in the Island papers with some brilliant diamond performances as well as rapping the ball with better than average consistency.

He has also been a top performer on the hardwood courts and as a result of his accomplishments is the toast of the area.

DON WILL BE released from the service sometime next fall and no doubt will return to the Oaks for a try at Pacific Coast ball.

The Oaks appear to be in the building process and have a definite youth movement afoot.

ALL OF WHICH is a good sign for Don, as he has the stuff plus the experience, which is a tough combination to beat.

Seth has promised to bring back a few newspaper clippings on his next trip through the Islands so we can get the real lowdown.

Acalanes Cagers Honored for Play

Bob Borghesani and Bob Kleckner of Acalanes high school were picked on the 1951-52 All-CCCAL basketball team.

Art Siler of Acalanes made the second team.

Acalanes also placed Mike White on the All-CCCAL lightweight team.

Dick Mason was picked on the third team, and Richard Jones received honorable mention.

Charles Whiston In Pulpit Sunday At St. Stephen's

Last Sunday Canon Guilbert's sermon at St. Stephen's Episcopal Church was "Create in Us a New Spirit" sent all away with a sense of personal guidance and power to meet the coming week. This Sunday, Dr. Charles Whiston will bring to St. Stephen's pulpit the strength of his outstanding spiritual understanding.

Sunday services are at 5 p.m., at Orinda Community Church.

Next Friday, March 21, will be the Spring Diocesan United Thank Offering presentation. It will be held at All Souls Church, Berkeley, Cedar and Spruce Streets. Holy Communion will be celebrated at 10:30 a.m., followed by a box lunch.

The afternoon program will hold special interest for Orindans, since Mrs. Sumner Walters, 8th Province representative, will be the speaker. Mrs. Walters will be remembered as guest at St. Stephen's January meeting, and many have asked to be notified when they might hear her again.

The program will be repeated in the evening for those unable to attend the daytime meeting. It will be at 8:15 at St. Clemen's, Berkeley, Claremont and Russell. There will be a discussion group prior to the program, from 7:30 to 8:15. A new sound color film on Alaska will also be shown.

Cub Pack 52 Meets Tonight at School

Cub Pack 52's meeting tonight will be opened at 7:45 p.m. by Den 4 at Orinda Grammar School. Den 5 has prepared a half-hour skit for the program.

Cubs Randy Young, Mike Halloran and Bob Hudson will receive their Webelos at a special ceremony. The theme for March has been "Learn a New Craft."

Hand tools are being purchased for the dens and will be distributed to the den mothers in about two weeks.

Mrs. Strong and Mrs. Doty have started alternating one-half day each week in going to Permanente Hospital in Richmond to assist child patients. Mrs. Doty has requested that other cub mothers volunteer to accompany them on these visits. If enough mothers would respond to the request, each one would go one day in the year.

The monthly committee meeting will be held Monday evening at Harry Minor's home on Parklane Drive.

Cleland to Talk At Men's Dinner

Dr. Gail Cleland of Berkeley will speak on "American Ideals in the Far East" at the first Men's Dinner of the Orinda Community Church to be held Tuesday evening, according to announcement of Ralph E. Wilson, chairman of laymen's activities for the Diaconate.

Tickets for the meeting are not being sold but are given in exchange for a pledge of food for the dinner, Wilson reports. A cash alternative is allowed for those who desire it.

Among other features will be music led by Dan Popovich at the piano and Bob Brown on the accordion. The "Baquettes," a women's vocal trio, will also be heard.

As toastmaster for the evening the men have selected the church moderator, Stanley M. Hudd. Fred Twining is ticket chairman.

Second Sermon On 'The Bridge' Sunday Morning

"One who has watched the growth of the Bay Bridge from an idea in an engineer's head to its present traffic importance can hardly escape the parallel to Jesus' parable of the mustard seed. Man must bridge their differences in some similar, now 'impossible' way if they are to survive.

"What Jesus called the Kingdom of God must be made into practical reality both in individual life and in the larger relationships of men and nations.

Such strengthening of confidence in the fundamental Hebrew-Christian principles of morality is the purpose of Rev. Fred Morrow's sermon Sunday morning at 11 o'clock at Orinda Community Church.

This is the second of a Lenten series on "The Bridge." There will be the music of the Chapel choir under Margaret Popovich and of the memorial organ played by Daniel Popovich.

Sunday school classes meet at that hour to permit attendance of parents. Adults are also provided for in worship and discussion sessions at 9:30, the regular instruction period.

Seminar Monday By Chi Lambda Delphian Group

Porter, "The Theory of Evolution;" Mrs. Walter R. Barnett, "Adjustment;" Mrs. W. C. Witter, "Comparisons," and Mrs. Alan Waddell, "Reason and Integration."
